**NAVISTAR DEFENDANTS' OBJECTIONS AND RESPONSES TO LEAD PLAINTIFFS'
FIRST REQUEST FOR PRODUCTION OF DOCUMENTS TO ALL DEFENDANTS**

Pursuant to Rule 34 of the Federal Rules of Civil Procedure, Defendants Navistar International Corporation, Daniel C. Ustian and Robert C. Lannert (each a “Navistar Defendant,” and collectively, the “Navistar Defendants”), by their attorneys, hereby object and respond to Lead Plaintiffs’ First Request for Production of Documents to All Defendants (“Requests”), dated September 29, 2009, as follows:

PRELIMINARY STATEMENT

These responses are provided without prejudice to the Navistar Defendants' right to modify, amend or supplement these responses if additional facts or information come to its attention in the course of the Navistar Defendants' continuing investigation. This reservation, however, is not to be construed as an undertaking by the Navistar Defendants of an affirmative duty to change or supplement these responses, except as otherwise required by law or the Federal Rules of Civil Procedure. The fact that the Navistar Defendants have responded to one or more of the Requests is not intended and shall not be construed as waiver of all or any part of any

objection to any such Request. By making these responses, the Navistar Defendants do not concede that the information sought is relevant or reasonably calculated to lead to the discovery of admissible evidence. Except for explicit acts stated herein, no incidental or implied admissions are intended.

GENERAL OBJECTIONS

A. The Navistar Defendants object to the Requests and the definitions and instructions set forth in the Requests to the extent the Requests, definitions and/or instructions call for a legal conclusion or purport to impose obligations on the Navistar Defendants that exceed or are inconsistent with the obligations imposed upon a responding party under the Federal Rules of Civil Procedure and/or applicable local rules.

B. The Navistar Defendants further object to the Requests to the extent they seek materials or information beyond the scope of the Court's September 10, 2009 Scheduling Order ("Scheduling Order") pertaining to class certification discovery.

C. The Navistar Defendants further object to the Requests to the extent they seek information protected from disclosure by the attorney-client privilege, the work-product doctrine, the common interest privilege, the auditor privilege, or any other applicable privilege, doctrine or protection. Any inadvertent disclosure of such information shall not be deemed a waiver of any applicable privilege or immunity recognized by law.

D. The Navistar Defendants further object to the Requests to the extent they are unduly burdensome, vague, ambiguous, incapable of reasonable ascertainment, and/or impossible to address as written.

E. The Navistar Defendants further object to the Requests to the extent they are overly broad, seek information not reasonably limited in time or scope or to the relevant time period in question, and/or would require undue burden or expense to respond. To the extent a Request is reasonable and not subject to other objections, the Navistar Defendants will conduct reasonable searches of the records and electronically stored information ("ESI") of relevant

Navistar custodians for the relevant time period to find responsive, non-privileged documents. The fact that the Navistar Defendants have agreed in a response to produce certain documents responsive to certain Requests should not be construed as a representation that responsive documents will in fact be located after a reasonable search.

F. The Navistar Defendants further object to the Requests to the extent they seek information that is not relevant to the claim or defense of any party, that is beyond the scope of the lawsuit, and/or that is not reasonably calculated to lead to the discovery of admissible evidence. No response to these Requests by the Navistar Defendants shall be deemed to constitute any agreement or concession that the subject matter thereof is relevant to this action, and any information provided by the Navistar Defendants shall be made without in any way waiving or intending to waive any objection thereto, including but not limited to relevance, privilege or admissibility.

G. The Navistar Defendants further object to the Requests to the extent they misstate facts and/or assume facts not in evidence and/or facts which do not exist or are otherwise incorrect.

H. The Navistar Defendants further object to the Requests to the extent they seek information that is equally available to Lead Plaintiffs in the public domain or available from sources other than the Navistar Defendants, or that is equally available to or already in the possession, custody or control of Lead Plaintiffs or their attorneys and for which the burden on Lead Plaintiffs to obtain the information is no greater than the burden on the Navistar Defendants.

I. The Navistar Defendants further object to the Requests to the extent they are cumulative and/or duplicative.

J. The Navistar Defendants further object to the Requests to the extent they seek information and identification of facts not in the Navistar Defendants' possession, custody or control.

K. The Navistar Defendants further object to the Requests to the extent that they do

not specify a time period and are thus unduly burdensome and/or seek materials or information outside of the applicable statutes of limitation and/or the defined "Class Period" in Lead Plaintiffs' Consolidated Class Action Complaint ("Amended Complaint"), filed May 8, 2008.

L. The Navistar Defendants further object to the Requests to the extent they seek confidential information and/or proprietary information. Such information, to the extent it is not privileged or otherwise objectionable, will nevertheless be provided pursuant to the Protective Order, executed in this litigation and entered by the Court on October 19, 2009.

M. The Navistar Defendants further object to the Requests to the extent they seek the confidential information of third parties that any Navistar Defendant is under an obligation not to disclose.

N. The Navistar Defendants further object to the Requests to the extent that they seek information related to personnel and/or similar files the disclosure of which would constitute an invasion of employees' personal privacy.

O. The Navistar Defendants further object to Instruction No. 8 to the Requests as overly broad and unduly burdensome. The Navistar Defendants will construe the time period for documents subject to the Requests, unless otherwise specified, as the proposed Class Period defined in the Amended Complaint.

P. The Navistar Defendants expressly reserve the right to modify, amend or supplement its responses to the Requests.

Q. Each of the foregoing General Objections shall be deemed to apply to the Navistar Defendants' specific objections and responses set forth below, notwithstanding the fact that the Navistar Defendants have responded to all or part of any Request.
